

**ShopWithScrip and SCRIPWARE® Webinar Presentation:
"Introduction to ShopWithScrip"**

This webinar will present information explaining how your organization can benefit by using the free, basic, ShopWithScrip.com website to provide online family ordering and scrip management for the organization. An overview of the website and its features will be given, along with free promotional materials that you can access to get your families started on ShopWithScrip. This presentation will last approximately 25 minutes, plus time to answer your questions at the end.

Pre-registration is required, so click on the link for the session you would like to attend to reserve a spot. After registering, you will receive a confirmation email containing information about joining the webinar. You will receive a phone number when you register that you can call to listen to the presentation while viewing the video portion on your computer (unfortunately, it is not a toll free number). We recommend that you use your computer speakers or a plug in headset to listen to the presentation, rather than calling the number in the webinar confirmation email. Once registered, we suggest you logon to the webinar site fifteen minutes before the session begins, as it can take a few minutes to join the session.
