ScripNow!™ is the newest and quickest way to use scrip. Just visit ShopWithScrip.com to order, pay for, and print eCards for various retailers and use them within minutes.

Here's how it works:

1. **Log in at ShopWithScrip.com** - You can order scrip gift cards, reload gift cards or order ScripNow! eCards any time day or night.
2. **Search or browse** one of the ScripNow! retailer product pages. There is also a ScripNow! short-cut at the top of every page.
3. **Order your ScripNow! eCard**, using \$10 increments. Pay with our PrestoPay™ service*, and within minutes, we'll email you a secure link to a printable eCard that can be redeemed in the store or online.

We're launching ScripNow! with eCards from the five ScripNow! retailers shown at left, and more will be available in the coming weeks and months.

Get your scrip in minutes...get your **ScripNow!™**

** You can also pay by check. However, your gift card code will not be emailed until your scrip coordinator notifies us that you've paid. That's still faster than waiting for a physical gift card to be delivered.*
